

Danielle Bove offers a range of courses designed so that you can build on your knowledge base, class by class, but how far you go and how quickly you get there is up to you.

As you complete each course, it will be signed off by your Danielle who will then help you plan your next move. By learning and developing new skills, you will keep your customers interested and loyal, yourself motivated and challenged and you will have more ways of generating income.

- Courses are run, as and when required, at White Ivy 2.0.
- We try to run one on one classes where possible and this guarantees you get the attention you deserve.
- To book, call Danielle directly on 0410439016

- Please note registration closes 14 days before a scheduled training date and must be paid in full.
- There are 4 types or levels of Classes: Absolute Fundamental Classes, Introduction to Design Fundamental Classes, Intermediate Conversion Classes and Expert Workshop Classes. Haven't found a course option that suit? Ask us about our bespoke class options.

1. Absolute Fundamental Classes:

Fundamental Classes are designed for students with little or no experience in the nail industry. Danielle will teach you everything you need to know in whatever Planet Nails product range you wish to work with.

What you'll learn:

- Anatomy & Physiology
- Professional Responsibility
- Salon Hygiene
- Client Consultation & Record Keeping
- Contra-indications
- Tools of the Trade
- Product Knowledge
- Nail Preparation

- PN Practical Tip Application (where applicable)
- PN Enhancement Application, overlay and tip overlay (where applicable).
- PN Enhancement rebalance and infills (where applicable)
- PN Perfect Finishing (where applicable)
- PN Enhancement Removal
- Troubleshooting

Course Options:

1.1 Planet Gel Polish

A great entry level course into the world of nails. The perfect treatment for Natural Nails with Planet Gel Polish.

About Planet Gel Polish (Soak off)

With over 100 colours to choose from plus all the latest trends added each season, your clients will love Planet Gel Polish. It is scratch and chip resistant, lasts up to 3 weeks, dries instantly and has a super high gloss shine that everyone loves.

About your course:

- 1 Day course.
- You must bring a model to work on in the afternoon.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a

multiple-choice theory paper & practical for removal and re-application. Model required with Planet Gel Polish applied by you, 2 weeks earlier. The assessment can be scheduled once you have completed 20 Planet Gel Polish services on models.

- What it costs:
Training Package: \$389 (Training, products, training manual & certificate EXCLUDES: UV or LED Light)

1.2 Planet Nails Dip Systems

A great entry level course into the world of nails. The perfect treatment providing permanent colour over both Natural Nails or Tips with PN Acrylic or Gel Dipping systems

Create beautiful nails in half the time with the PN Dipping Systems. It's fast, easy to apply, low-odour and easy to remove, making salon visits more comfortable and convenient for clients. Because the dip itself is a polymer powder (acrylic powder), the client enjoys strength similar to a liquid and powder (traditional acrylic) enhancement, without the same time commitment or odour. This makes it ideal for beginners.

About your course:

- 2 Day course.

- You must have clean, product-free nails, you must bring a model to work on, on day 2 of your training.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a multiple-choice theory paper & practical of dip system application. Model is required for the practical component of the assessment. The assessment can be scheduled once you have completed a minimum 20 PN Dipping System services on models.

What it costs:

Training Package: \$750 (Training, products, training manual & certificate EXCLUDES: UV or LED Light)

1.3 Planet Nails Acrylic

For students with no knowledge of nail extensions, using PN's high performance Acrylic.

A modern powder and liquid system utilising the latest technology and innovative ingredients. Its inbuilt UV protector prevents yellowing and discolouration. The finish is strong, flexible, long lasting and it looks fantastic.

About your course

- 4 Day course.
- You must have clean, product-free nails, you will need to arrange for 2 models to work on, 1 will be needed on day 3 and the other will be needed on day 4 of your training course.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a multiple-choice theory paper & practical of acrylic system application. Model is required for the practical component of the assessment. The assessment can be scheduled once you have completed a minimum 20 PN Acrylic System services on models.

What it costs:

Training Package: \$1330

(Training, products, training manual & certificate EXCLUDES:
UV or LED Light

1.4 Planet Ultimate Gel (PUG) or Lastik Stick & Stay Builder Gel

For students with no knowledge of nail extensions, using our PN Gel, for fabulously strong nail extensions.

PUG/Lastik is a single process UV gel that boasts easy application, glossy finish and unmatched strength and durability. It's easy to use, making it the perfect gel to start your new career with.

About your course:

- 3 Day course.
- You must have clean, product free nails, you will need to arrange for 2 models to work on, 1 will be needed on day 2 and the other will be needed on day 3 of your training course.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a multiple-choice theory paper & practical of gel system application. Model is required for the practical component of the assessment. The assessment can be scheduled once you have completed a minimum 20 PUG/Lastik System services on models.

What it costs:

Training Package: \$1085

(Training, products, training manual & certificate EXCLUDES:
UV or LED Light)

1.5 Planet Iconic Acrylic Gel

For students with no knowledge of nail extensions, using our Planet Iconic Acrylic Gel, for fabulously strong nail extensions.

Planet Iconic Acrylic Gel is a true hybrid between a hard gel and acrylic, a product that truly has all of the good qualities about both acrylic and hard gels that nail techs love without any of the things they don't like about either.

About your course:

- 3 Day course.
- You must have clean, product-free nails, you will need to arrange for 2 models to work on, 1 will be needed on day 2 and the other will be needed on day 3 of your training course.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a multiple-choice theory paper & practical of Iconic system application. Model is required for the practical component of the assessment. The assessment can be scheduled once you have completed a minimum 20 PN Iconic Gel System services on models.

What it costs:

Training Package: \$1080

(Training, products, training manual & certificate EXCLUDES:
UV or LED Light)

1.6 Planet Vogue Soft Gel Extensions

For students with no knowledge of nail extensions, using our Planet Vogue Soft Gel Extensions, for instant length and perfectly shaped extensions.

Soft Gel extensions are the latest innovation in the nail industry recently. Planet Vogue is a nail enhancement system where a specialised full tip is adhered to the natural nails using Lastik Stick and Stay Gel. They are lightweight, beautifully thin and very quick to apply.

About your course:

- 2 Day course.
- You must have clean, product-free nails as students work on each other, you must bring a model to work on day 2 in the afternoon.
- For you to qualify for your certificate an assessment needs to be done. The assessment will consist of a multiple-choice theory paper & practical for removal (one hand), infill (one hand) and re-application (one hand). Model required with Planet Vogue system applied by you, 2

weeks earlier. The assessment can be scheduled once you have completed 20 Planet Vogue System services on models.

What it costs (excl GST):

Training Package: \$890

- (Training, products, training manual & certificate EXCLUDES: UV or LED Light)

2. Introduction to Design Fundamentals:

Our Introduction to Design Classes are designed for new nail technicians who want to add to their skill set in regards to the fundamental system they are working on mastering.

If you have been taught how to prep the nails, apply tips, possibly trained with sculpting and how to apply the product, and you think 'now what?' If you're looking at all the pictures on insta, you're wondering how other nail techs are doing what they're doing? Then this is the class for you, think of it as a bridging class between what you've learned in basics and getting you salon ready!

Learn how to do any 5 of the following (system permitting): encapsulate glitter, ombre/baby boomer/French fade, reverse French/optically lengthening nail bed/perfecting French application, indentation art, refining and perfecting colour

application, colour blocking, adhering gems, marble/rose quartz, the perfect gel polish application etc.

You should have worked at a Beginners Level for a minimum of 2-3 months, getting comfortable with applying and finishing the product, so that you are ready to take your enhancements to the next level.

What you'll learn in an Introduction to Design Class (Acrylic, Dip, PUG/Lastik, Iconic or Planet Vogue):

- Tools of the Trade
- Product Knowledge
- PN Enhancement Application to get you salon ready.

Course options:

- PN Dip Systems
- PN Acrylic
- PNGel
- Planet Iconic Acrylic Gel
- Planet Vogue Soft Gel Extensions

About your course:

- 1 day class (5 hours).
- You are required to attend the training with product free hands.

What it costs:

Training Package: \$335 (Training, products, training material & certificate EXCLUDES: UV or LED Light)

3. Intermediate Conversion

Classes:

Our Intermediate Conversion Classes are designed for all nail technicians who want to add to their skill set, retouching on a few basics, troubleshooting any issues you've had until now and learning new techniques or systems. You should have worked at a Beginners Level for a minimum of 6 months, building up your client base so that you are ready to take your treatments to the next level.

What you'll learn with Product Conversions (Acrylic, Dip, PUG/ Lastik, Iconic or Planet Vogue):

- Tools of the Trade
- Product Knowledge
- Refresher on Nail Preparation
- Refresher on Tip Application
- PN Enhancement Application, overlay, tip overlay, colour application, French application.
- Finishing, Infills & Removals • Problem Solving

What you'll learn with Technique Conversions (Dual Form Tips or Sculptures):

- Tools of the Trade
- Refresher on Nail Preparation
- Dual Form Tip or Form application and sizing
